I happened to read about Writing the Natural Way and just two chapters into the book, my life has changed! Since I am a strong left brain thinker, linear in my thought process, I didn't have the ability to "just wonder". My using Gabriele's clustering method, I now can tap into the creative, right side brain thinking. I love this book for all of you out there with writer's block, it's the book for you! Gets you thinking in a different way when writing. Gabrielle died recently, unfortunately. Read more. Writing the natural way. A Natural Way To Write. Francis-Noel Thomas and Mark Turner. Originally published as an op-ed piece on the Princeton University Press. everyone acknowledges that attempting to teach writing this way is not very. successful"it works best with students who have already achieved a high degree of. writing competence on their own and rarely if ever does much of anything for. students who have not. We begin by acknowledging the fundamental fact that writing is utterly alien to the. human evolutionary endowment. On the evolutionary scale, writing is a recent. invention, at most eight-thousand years old. For most of its history, it was a special.
