Out of print. 50 Strategies for Improving Vocabulary, Comprehension and Fluency, 2nd Edition. Adrienne L. Herrell, Florida State University. Michael L. Jordan, California State University, Fresno. 5. Vocabulary Processing: Multiple Strategies Approach. 6. Text Talk: Scaffolding Comprehension Through Oral Discussion. 7. Microselection: Introducing the Concepts of Keywords and Main Ideas. 8. Fluency Strategies: Multiple Approaches. II. PARAGRAPH-LEVEL COMPREHENSION. Interested in improving reading comprehension, but not sure how? Our complete guide explains both how to improve over time and offers tips to help you today. Reading comprehension is the understanding of what a particular text means and the ideas the author is attempting to convey, both textual and subtextual. In order to read any text, your brain must process not only the literal words of the piece, but also their relationship with one another, the context behind the words, how subtle language and vocabulary usage can impact emotion and meaning behind the text, and how the text comes together as a larger, coherent whole. From the Back Cover. "50 Strategies for Improving Vocabulary, Comprehension, and Fluency" offers a practical approach of step-by-step instructional procedures for developing key literacy skills. Each strategy is supported by an authentic classroom example. An additional example of each strategy is provided on the free CD-ROM that accompanies the book. Realistic application-Offers a variety of strategic approaches that can be incorporated into existing vocabulary development and reading comprehension programs. About the Author. Adrienne Herrell has recently retired from California State University-Fresno, where she was a professor of reading/language arts and taught classes in early literacy, assessment, and strategies for teaching English language learners.
