Nelson Rolihlahla Mandela (July 18, 1918 - December 5, 2013) was the first President of South Africa to be elected in fully representative democratic elections. Before his presidency, he was a prominent anti-apartheid radical and leader of the African National Congress, who had spent 27 years in prison for his involvement in underground armed resistance activities and sabotage. Here are seven ways Nelson Mandela fought for the same values that Global Citizens hold dearly, including women's empowerment, access to quality education, and the fight against HIV/AIDS. 1. He ushered hundreds of women into the political sphere. Embed from Getty Images. Though South Africa has work to do to eliminate violence against women and to ensure that women earn the same amount of money as men, Mandela helped set the country on a path toward equality from the very beginning of his career as president. Extension of closing date for 2021 applications Nelson Mandela University has extended its closing date for applications to study in 2021 until 14 November 2020. The extension is to allow Grade 12 learners, whose year has been severely impacted by the COVID-19 pandemic, additional time to apply. The decision is also in line with the University's commitment to broadening access.
