Description:

What are the marks of a supernaturally changed heart? This is one of the questions the Apostle Paul addresses as he writes to the church in Corinth. He is not after some superficial outward tinkering, but instead a deep rooted, life altering change that takes place on the inside. In an age where pleasing people, puffing up your ego and building your résumé are seen as the methods to make it, the Apostle Paul calls us to find true rest in blessed self forgetfulness. In this short and punchy book, best selling author Timothy Keller, shows that gospel humility means we can stop connecting every

experience, every conversation with ourselves and can thus be free from self condemnation. A truly gospel humble person is not a self hating person or a self loving person, but a self forgetful person. This freedom can be yours...

This little book is based on a sermon Keller did a number of years ago on 1 Corinthians 3:1-4:7 at Redeemer Presbyterian Church. It is 46 pages in length and can be read in an hour. It is excellent. I will share the heart of the book below, but I would encourage you to read the whole book. Keller begins with two key questions: What are the marks of a heart that has been radically changed by the grace of God? If we trust in Christ, what should our hearts be like? In this text The Freedom of Self-Forgetfulness (2012) is a very short by Tim Keller and each of the 48 pages is packed with meaning. He is focused on 1 Corinthians 3:21-4:7 Early in the book, he wrote, "Up until the twentieth century, traditional cultures (and this is still true of most cultures in the world) always believed that too high a view of yourself was the root cause of all the evil in the world. What is the reason for most of the crime and violence in the world? The second chapter lays out a Christian response. The third chapter actually tells you how to have that freedom. Essentially it boils down to CS Lewis' suggestion that self-forgetfulness is not thinking less of ourselves (self-deprecation) but thinking of ourselves less. Instead, we should be thinking more of Christ.

All in all, "The Freedom of Self Forgetfulness" is excellent. My only concern is the price is too high for the size as this can be read in 30 minutes. Still, a worthwhile read and fantastic sermon. He uses 1 Corinthians 3: 21 - 4:7 as a foundation and proceeds to explain the 'Freedom of Self Forgetfulness' logically and in such a way that my ponderings and mullings settled into a rational understanding with a huge sigh of relief. Basically, I see it this way: the opinions of others concerning me really do not matter to me. "The Freedom of Self Forgetfulness" is a profound little booklet that targets the Christian's identity and how we in Christ are to view ourselves. Our world tells us that freedom is achieved as we boost our self esteem through feel good methods and techniques. Older generations supposed freedom could be achieved through suppressing our self and putting restrictions to limit the evil we commit. Both are wrong. Keller teaches from 1 Corinthians 3, that the truest freedom is achieved only when we learn how to forget ourselves. Paul's identity is not in anything he does or in a

The Freedom of Self-Forgetfulness. The Path to True Christian Joy. Timothy Keller. Share. Tim Keller's nifty little book "The Freedom of Self-Forgetfulness" is timelessly timely. He diagnoses not only the greatest problem of our hearts as nothing less than our inability to stop thinking of ourselves, but also shows us that the blessed idol of self-esteem is a cursed rock around our necks. Self-esteem, he argues, is nothing more than assigning yourself godlike status in your life. Low self-esteem, is our misery in failing to praise ourselves, and be praised by others. In the second chapter he continues by showing us that there is hope. Not thinking less of your self! All in all, "The Freedom of Self Forgetfulness" is excellent.
