Books related to Red Book Atlas of Pediatric Infectious Diseases. Skip this list. The fast-developing field of infectious diseases requires regular reevaluation, and timely updates of both the AAP Red Book and this companion atlas. There is simply no other book like it in the field, and it is invaluable to pediatric practitioners." Madan Kumar, D.O. University of Chicago Pritzker School of Medicine Doody's Book Review

The AAP is the largest pediatric publisher in the world, with a diverse list of resources that includes essential clinical and practice management titles and award-winning books for parents. Carol J. Baker, MD, FAAP, is executive director of the Center for Vaccine Awareness and Research at Texas Children's Hospital and professor of pediatrics and of molecular virology and microbiology at Baylor College of Medicine in Houston, TX.
