Description:

The ultimate guide to nature drawing and journaling

Gold Medal, 2016 Foreword INDIES Book Award. A potent combination of art, science, and boundless enthusiasm, the latest art instruction book from John Muir Laws is a how-to guide for becoming a better artist and a more attentive naturalist. In straightforward text complemented by step-by-step illustrations, dozens of exercises lead the hand and mind through creating accurate reproductions of plants and animals as well as landscapes, skies, and more. Laws provides clear, practical advice for every step of the process for artists at every level, from the basics of choosing supplies to advanced techniques. While the book's advice will improve the skills of already accomplished artists, the emphasis on seeing, learning, and feeling will make this book

valuable even revelatory to anyone interested in the natural world, no matter how rudimentary their artistic abilities.

Also available: *The Laws Sketchbook for Nature Journaling*, a blank journal constructed to withstand excursions in the field and containing several exercises from *The Laws Guide to Nature Drawing and Journaling*.

Nature journaling is the process of recording your observations about birds, plants, trees & other natural things on paper. It's a simple & effective tool to help naturalists improve their observation skills and see big picture ecological patterns more clearly. Are you ready to become a journaling pro? This is why writing your observations in a journal can really help to unlock your brain's ability to unpack natural mysteries and make amazing discoveries. This is where nature journaling saves the day as one of the absolute best strategies in your naturalist toolkit. So what is nature journaling? Nature journaling is the process of recording your observations about birds, plants, trees & other natural things on paper. A complete guide to drawing in nature. More than 300 pages tips, step by step demonstrations and fundamental techniques. Lessons on how to use graphite, pen, watercolor and gouache for fast field sketches. Read More. Publisher This book provides cle The ultimate guide to nature drawing and journaling. This is the how-to guide for becoming a better artist and a more attentive naturalist. In straightforward text complemented by step-by-step illustrations, dozens of exercises lead the hand and mind through creating accurate reproductions of plants and animals as well as landscapes, skies, and more. Laws is filled with wonder at the beauty of nature and encourages us to notice and give thanks. Drawing is not to produce a pretty picture but to record, to be in awe, and to wonder. Although this author is not obviously a Christian, he reminds us of God's great gift to us in nature, the gift that shows us who he is, that answered Job's questions, that preaches without words to the whole world.

How to Teach Nature Journaling: Curiosity, Wonder, Attention by John Muir Laws Paperback \$22.79. In Stock. Ships from and sold by Amazon.com.

This is bar none the GREATEST drawing guide I have ever read. Even if you have no interest in nature journaling or even nature, you would benefit from this as a thorough beginners drawing course. Honestly it teaches you everything right from the beginning - but not in a way that is dull or repetitive. I seriously love it.
