

EDUCATION IN SOUTHERN AFRICA

CLIVE HARBER

PUBLISHED BY BLOOMSBURY

Education in Southern Africa is a comprehensive critical reference guide to education in the region. With chapters written by an international team of leading regional education experts, the book explores the education systems of each country in the region. With chapters covering Botswana, Lesotho, Madagascar, Mozambique, Namibia, South Africa, Swaziland and Zimbabwe, the book critically examines the development of education provision in each country as well as local and global contexts. Including a comparative introduction to the issues facing education in the region as a whole and guides to available online datasets, this handbook will be an essential reference for researchers, scholars, international agencies and policy-makers at all levels.

The responsibility for education in South Africa is shared by the Department of Basic Education and the Department of Higher Education and Training (DHET). The DBE deals with all schools from Grade R to Grade 12, and adult literacy programmes, while the DHET deals with universities, and other post-school education and training, as well as coordinating the Human Resource Development Strategy for South Africa (HRDSSA). The DBE develops, maintains and supports a South African school education system for the 21st century in which all citizens have access to lifelong learning, as well as education Study in South Africa. Welcome to SouthAfricaEducation.info! Come and explore education guide to South Africa that provides all inclusive free unlimited resources and information on the entire gamut of education. It is one stop for rich source of information on schools, colleges and higher research studies besides opening doors to a variety of career options and path. South African education has a vibrant higher education sector at the cutting edge of change, including a high quality and globally competitive education system. Its major research centres focus on indigenous and advanced technologies, developing high-tech solutions, based on in-depth research, for some of the country's most pressing problems and challenges. The University of South Africa in Pretoria, one of the world's largest distance education universities - Education in south Africa. The socialization of women, although sometimes done within age-groups, was more often in small groups of siblings or cousins, and it emphasized domestic and agricultural skills necessary to the survival of the family. Education in South Africa is governed by two national departments, namely the department of Basic Education (DBE), which is responsible for primary and secondary schools, and the department of Higher Education and Training (DHET), which is responsible for tertiary education and vocational training. Prior to 2009, these two departments were represented in a single Department of Education.
