Department of African American Studies at Princeton University. New Books in African American Studies. Marshall Poe. The History of Black Americans and the Black Church. Daniel Whyte III. More by Stanford. African-American culture refers to the contributions of African Americans to the culture of the United States, either as part of or distinct from mainstream American culture. The distinct identity many of African-American culture is rooted in the historical experience of the African-American people, including the Middle Passage. The culture is both distinct and enormously influential on American and global worldwide culture as a whole. African Americans are mainly of African ancestry, but many have non-Black ancestors as well. Learn more about African Americans, including their history, culture, and contributions.Â As Americans of African descent reached each new plateau in their struggle for equality, they reevaluated their identity. The slaveholder labels of black and negro (Spanish for black) were offensive, so they chose the euphemism coloured when they were freed. Capitalized, Negro became acceptable during the migration to the North for factory jobs.
