The story of the United States begins with the thirteen colonies which by the late 18th century had 2.5 million people. In its struggle towards independence, the Declaration of Independence led to the American Revolution in 1776. Between the Revolution against Britain and the American Civil War in 1861, the young nation went through a myriad of storms, politically and socially, in addition to the significant progress it went through. Slavery of Africans was already an issue early in those days, which perhaps contributed to the formation of the Confederate States of America, leading to the Civil War. The prehistory of the United States started with the arrival of Native Americans before 15,000 BC. Numerous indigenous cultures formed, and many disappeared before 1500. The arrival of Christopher Columbus in the year 1492 started the European colonization of the Americas. Most colonies were formed after 1600, and the early records and writings of John Winthrop make the United States the first nation whose most distant origins are fully recorded. By the 1760s, the thirteen British colonies contained 2
