**Description:**

**From** Michaels is a RITA Award-nominated author of more than 75 romance novels, and she distills everything she has learned over the years into this useful writers' guide. After a short summary of the genre and a survey of the different kinds of romances, Michaels explores the process involved in writing a captivating love story. From creating convincing characters and understanding conflict to writing good dialogue and crafting an entertaining plot, *On Writing Romance* provides plenty of practical details and useful examples to help aspiring writers get started. Michaels even includes a concise guide to submitting a manuscript to a publisher and to marketing one's own work. A good basic introduction to a potentially gratifying pursuit suitable for most public library collections. *John Charles*

A commercial novel therefore follows certain rules determined by the marketplace -- by what people want to buy. This doesn't mean it can't be a good novel! In fact, the fundamental elements of a successful romance novel are the same as with other types of fiction: characters the reader cares about. a conflict that moves the story from A to B. good dialogue, and vivid writing that "shows" instead of "tells." But in romance novels, these elements of fiction normally take a certain form.
