Description:

An extraordinary and surreal art book, this edition has been redesigned by the author and includes new illustrations. Ever since the *Codex Seraphinianus* was first published in 1981, the book has been recognized as one of the strangest and most beautiful art books ever made. This visual encyclopedia of an unknown world written in an unknown language has fueled much debate over its meaning. Written for the information age and addressing the import of coding and decoding in genetics, literary criticism, and computer science, the *Codex* confused, fascinated, and enchanted a generation.

While its message may be unclear, its appeal is obvious: it is a most exquisite artifact. Blurring the distinction between art book and art object, this anniversary edition-redesigned by the author and featuring new illustrations-presents this unique work in a new, unparalleled light. With the advent of new media and forms of communication

and continuous streams of information, the *Codex* is now more relevant and timely than ever. A special limited and numbered deluxe edition that includes a signed print is also available.

Codex Seraphinianus. Collection. opensource. Codex Seraphinianus. Addeddate. 2017-06-05 00:54:28. Codex Seraphinianus, originally published in 1981, is an illustrated encyclopedia of an imaginary world, created by the Italian artist, architect and industrial designer Luigi Serafini during thirty months, from 1976 to 1978. See more. Codex Seraphinianus. 27 September 2018. Codex Seraphinianus. 6 October 2013. See all. codex seraphinianus. in the late 70s italian architect, illustrator and industrial designer luigi serafini made a book, an encyclopedia of unknown, parallel world. it's about 360-380 pages. it is written in an unknown language, using an unknown alphabet. it took him 30 months to complete that masterpiece that many might call Luigi's Codex Seraphinianus deep learning dreams | Terra Incognita. Experimentations of inceptionism with Codex Seraphinianus images. Codex Seraphinianus is the fantastical brainchild of Luigi Serafini. An artist, architect, and designer, Serafini drew on his multidisciplinary background to craft an encyclopedia of a world of impossibilities. Published in 1981, Codex Seraphinianus wowed readers with its intricate illustrations and its original premise. The book first appears as completely nonsensical "an encyclopedia about an alien world complete with alien handwriting" but there is a method to the madness. Codex Seraphinianus, originally published in 1981, is an illustrated encyclopedia of an imaginary world, created by Italian artist, architect and industrial designer Luigi Serafini between 1976 to 1978. It is approximately 360 pages (depending on edition) and written in an imaginary language. Originally published in Italy, it has been released in several countries.
