Since it was first published in 1977, Stuart Baker's Rail Atlas Great Britain and Ireland has established itself as one of the must-have books on the subject of the contemporary railway industry. Now into its 10th edition, as well as several reprints, the book is probably one of the best-selling railway titles of the time. Since then, at university, there has been steady progress in drawing the rail network throughout Great Britain. The author feels sure that this atlas as it has finally evolved will be useful to all with an interest in railways, whether professional or enthusiast. The emphasis is on the current network since it is felt that this information is not The inspiration for this atlas. visiting. published elsewhere.
