Description:

Learn the facts and debunk the fictions about contemporary families.

Looking at modern families through the context of diversity, inequality, and social change, FamilyInequality.com blogger and demographer Philip N. Cohen brings a fresh approach to the sociological study of family life. The text features a wealth of original, interactive graphics of contemporary family trends and encourages students to be savvy consumers of media. Integrated workshops based on activities from Cohen's undergraduate course give students the opportunity to apply what they learn in the book to their own lives.

Social distance- The level of acceptance that members of one group have toward members of another group. There has been a growth in the number of intermarriage which shows the breakdown of social distance. Social distance is narrowing and I think that it will continue to narrow over time as newer generations grow up and are more open minded. Which of the following concepts is illustrated by parents purchasing mostly pink items for their daughters? gender socialization. Looking at modern families through the context of diversity, inequality, and social change, FamilyInequality.com blogger and demographer Philip N. Cohen brings a fresh approach to the sociological study of family life. The text features a wealth of original, interactive graphics of contemporary family trends and encourages students to be savvy consumers of media. Keywords: Family change; Family form; Kinship system; Structural-functionalism; Conflict theory; Social constructionist; Family diversity; Transition to adulthood; De-institutionalization of marriage; Family process; Work-family conflict; Gender. Relevant disciplines: (in alphabetical order) Anthropology, Economics, Family Studies, Gender Studies, History, Psychology, Sociology.Â What role does family life play in structuring social inequality? And what social policies make sense in an era of diverse family forms? These questions draw attention to the dislocations and contradictions of family change, but they also point to new opportunities. INTRODUCTION: Gender, family and social change: from modernity to the Millennial generation. (pp. 1-28). This volume provides a road map through the challenges of family diversity and family change in Western societies. Family forms, what it means to be a member of a family and the expectations people have of family relationships vary with time and space. As we will shortly see, today, marriage and family relationships are formed and maintained in an environment of greater choice in how women and men can live their lives than has been possible for past generations. Following Beck (1992), choic
