Origami is the art of paper-folding. Its name derives from Japanese words *ori* (‘folding’) and *kami* (‘paper’). Traditional origami consists of folding a single sheet of square paper (often with a colored side) into a sculpture without cutting, gluing, taping, or even marking it. Photo: Kalamazoo Public Library. History of Origami. Creatives from several countries helped shape origami into the practice it is today. China. It was not until Japan’s Edo Period (1603 – 1868) that origami would also be viewed as a leisurely activity and art form. Photo: The Metropolitan Museum of Art. Like Japanese woodblock prints—an art form that also saw popularity during this time—origami works often featured flowers, birds, and other nature-based motifs.
