The Concise Oxford Dictionary of Proverbs, although very well organized and with so many useful entries, fails to explain the meanings of practically most of the proverbs. But if you're really good at guessing meanings by reading examples given (there are plenty of them), you should have no difficulty at all. COD. Concise Oxford Dictionary. Dec. December. The absent party is always to blame. 1736 Poor Richard's Almanack (July) The absent are never without fault, nor the present without excuse. 1912 Unbearable Bassington iv. The absent may be always wrong, but they are seldom in a position to be inconsiderate. 1981 Soldier no More 57 I will quote first that fine old French sayingâ€”which covers any claim Charlie may or may not have on that cakeâ€”he who is absent is always in the wrong.â€™ absence ; error absolute see POWER corrupts. abundance see out of the FULLNESS of the heart the mouth speaks. Home Â» Browse Â» Books Â» Book details, The Oxford Dictionary of English Proverbs. The Oxford Dictionary of English Proverbs. By William George Smith. No cover image. The Oxford Dictionary of English Proverbs.Â In this book the compiler has followed the example of the Oxford English Dictionary, which has been invaluable alike as model and as source of information, and to each proverb he has appended illustrative quotations in chronological order. His effort has been, however, rather to find the earliest indication of familiar proverbs than continually to trace their use down to the most recent times. It is not always easy to arrive at the true form of a proverb, as this may have varied considerably over the years, or it may have been changed to suit its context.
