## Description:

Through Women's Eyes: An American History with Documents was the first text to present a narrative of U.S. women's history within the context of the central developments of the United States and to combine this core narrative with written and visual primary sources in each chapter. The authors' commitment to highlighting the best and most current scholarship, along with their focus on women from a broad range of ethnicities, classes, religions, and regions, has helped students really understand U.S. history.

Our original goal was to create a U.S. women's history that combined an inclusive and diverse narrative with primary-document and visual-source essays a comprehensive resource to aid instructors and encourage student engagement and analysis. We treat all central developments of American history, always through women's eyes, so that students may experience the broad sweep of the nation's past from a new and illuminating perspective.

1. A woman, the portrait of Queen Elizabeth I made by George Gower 4. Even without any further explanation, the image already declared the vast authority in the hands of the female leader, as well as in the land where she reigns. Along with her figure are different symbolisms signifying supremacy such as the pearls of the New World, her flamboyant attire, strong posture, and the globe lying below.

This is especially true for tribes that made decisions by consensus and allowed the voices of the women, particularly the older ones, to be heard. Women, particularly older women, were allowed to voice their opinions and participate in decision making. The sexual division of labor in Iroquois tribes reinforced women's dominance in the village. Women's responsibilities centered on village life and included farming and preparing the food.
