Vegetable gardens, though beneficial in many ways, are often considered to be quite unattractive and messy, and therefore are generally not present in yards that are immaculately kept. This doesn't need to be the case, however, as is displayed here in this yard where defined vegetable garden beds sit on a manicured lawn. Providing the vegetable patches are well-maintained, you can still achieve a polished look. Start your vegetable garden off right with these 6 vegetable gardening tips from Savvy Gardening!
