With an international circulation, Church History and Religious Culture provides its readers with articles in English. Frequent theme issues allow deeper, cutting-edge discussion of selected topics. An extensive book review section is included in every issue keeping you up to date with all the latest information in the field of church history. Additional details. Cited half-life. The progress of historical science in the second half of the nineteenth century could not have but consequences on the discipline of church history. Traditionally, (Catholic) church history was conceived as an auxiliary science of theology, charged with demonstrating the truth of faith by means of historical witnesses. Role and historical background of the Russian Orthodox Christian Church and its connection with the Statehood. Religion itself had a major impact on the formation of political systems in the territory of the Eurasian continent. Even in Western Europe, which now is an example of secular states, until recently, public institutions have a solid background in the face of so-called Christian Democrats. It is recognized not only by supporters of the Conservatives, but even the most liberal approaches to international relations. Recently, in the article issued in CFR's "Foreign Affairs" author pointed to the fact the EU crisis as the decline of ideas and culture of the Christian Democrats, rose from Church History offers a unique contextual view of how the Christian church spread and developed. It did so not in a vacuum, but in a setting of times, cultures, and events that both influenced and were influenced by the church. Church History looks closely at the integral link between the history of the world and that of the church. Volume one explores the development of t Church History offers a unique contextual view of how the Christian church spread and developed. Start your review of From Christ to Pre-Reformation: The Rise and Growth of the Church in Its Cultural, Intellectual, and Political Context (Church History #1). Write a review. Dec 31, 2011 Brenton rated it it was amazing. The church was not only the dominant political institution, but also had a significant impact directly on the consciousness of the population. In a difficult and scanty life, against the background of an extremely limited and unreliable knowledge of the world, the Church offered the people a moral worldview system. This religious worldview fully determined the mentality of the population of Western Europe based on the interpretation of the Bible. Turning to a more detailed study of Church History as a science, It should be noted that the General history of the Church has its own tasks and methods. The task of science is not just to describe the reality of historical events and learn them, but to make clear the whole historical development, to explain the course of history and the historical process.
