Essays on women in medicine, sociology, pharmacy and the natural sciences provide insights about our pioneer women scientists. Contemporary concerns are examined such as the career goals of female science students, gender separatism, and feminist research into genetic hazards in the workplace. This is the first book to address the status of Canadian women in the sciences from a historical and contemporary perspective. Essays on women in medicine, sociology, pharmacy and the natural sciences provide insights about our pioneer women scientists. Canada's Great Women. In a perfect world, the thirty women on this list would be household names. But for too long history textbooks have focused on great men, to the exclusion of all others. Written by Canada's History. Posted January 8, 2016. Portraits by Robert Carter. Magazine editor and women's movement champion. Doris Anderson was a long-time editor of Chatelaine magazine and a newspaper columnist. Through the 1960s, Doris Anderson pushed for the creation of the Royal Commission on the Status of Women, which paved the way for huge advances in women's equality. She was responsible for women getting equality rights included in the Charter of Rights and Freedoms. History of Science. Despite The Odds: Essays on Canadian Women and Science. Gosztanyi Ainley. However, Asian women and men were left out and were not included until after the Second World War. Indigenous women and men living on reserves and most everywhere else as well were viewed as wards of the Crown under the Indian Act, and were excluded from the vote across Canada, except in rare cases, until 1960 (see Enfranchisement). Despite numerous petitions and private members' bills, lawmakers across the country (with a few exceptions) repeatedly voted against the enfranchisement of women.
